Hi Team,

I'm excited to apply for the Software Engineer Intern position.

With 3 years of experience building different types of applications and excellent skills of JavaScript, Node.JS and Python, I'd love to bring all my dedication along with my relevant skills and experience to Dropbox.

I believe that all the work done so far has been to get me ready for Dropbox.
I would appreciate the opportunity to get a position of Software Engineer Intern.

Best,
Viktor Kirillov
